

Airport Pushpak Bus Schedule Timings

Pushpak is a special AC service provided by TSRTC. Until now it is known as a special service only to the airport, but Pushpak airport liner buses are not exclusive buses to the airport - they pick up and drop commuters at many locations in the city. If you search for 'Pushpak airport liner near me' in a search engine, you may find a few stops near you where you can board Pushpak buses and get down at any Pushpak bus stop or even go to the airport. Because it goes till the airport it is called the airport bus shuttle. So, if you search 'airport bus stop near me', you will get the details of Pushpak bus stops near your location.

Pushpak bus timings are very convenient as it is a round-the-clock-service. If you cannot find the schedule or the details online, you can dial the Pushpak airport bus contact number and seek information regarding Pushpak bus booking and timings. You can avail the tickets directly in the bus. Pushpak is the only AC service in Hyderabad and it is safe, secure and fast. Pushpak not only goes to the airport, but to many other destinations in Hyderabad.
